

Fasteners, consumables and sourced parts for manufacturers in Malaysia and abroad — quoted within 48 hours.

ABOUT US 关于我们

An industrial supplier based in Iskandar Puteri, Johor, Malaysia, serving semiconductor, electronics, machine-building and metal fabrication customers locally and internationally. We handle the hardware, consumables and bought-in parts around your core work, so your purchasing team has fewer vendors to manage. We supply fasteners and consumables directly; machined, sheet metal and finished parts are made by partner workshops that we coordinate, check and deliver. We do not run our own machining or coating lines.

SUPPLIED DIRECTLY 现货直供

Ready to supply

Fasteners & hardware

Socket and machine screws; bolts, nuts and washers (stainless and zinc-plated); rivets and rivet nuts; self-clinching inserts and standoffs; hinges, latches and handles; cable glands. Loose or kitted per build.

Ready to supply

Welding & workshop consumables

MIG / TIG wire and rods; gas supply coordination; cutting and grinding discs; flap discs and abrasives; masking and marking; gloves and PPE. Scheduled top-ups available.

SOURCED ON REQUEST 按需外协

- International (by arrangement)

HOW WE WORK 合作流程

01 Send your RFQ

Part no. or drawing (with revision), material, finish, quantity, date and delivery point.

02 Quote in 48 hours

Price, MOQ, lead time and validity per line, each marked direct or partner-sourced.

03 Samples or trial order

Labelled samples or a small trial PO, so your QC can check parts, packing and paperwork.

04 Repeat supply

PO or blanket order on agreed delivery days, kitted your way. Urgent top-ups via WhatsApp.
